Climate Change Series

GRADES: 5-8 READING LEVELS 3-4

What is causing Global Warming? What are the effects? What can we do to stop or reduce Global Warming? We take a critical look from a scientific perspective that will help students separate fact from fiction in popular accounts in order to make informed decisions about products and lifestyle choices that affect the Earth System. We also look at rising sea levels and altered patterns of weather and agriculture which are cited as direct consequences of Global Warming. Finally, we look at creative ways to reduce human consumption and output, all in an effort to help clean up our planet. Our ready-to-use resource is written using simplified language and vocabulary is presented in a way that is easier for students to understand. Reading passages, comprehension questions, hands-on activities and overhead transparencies are all provided. **60 PAGES/6 OVERHEADS**

Managing Our Waste Series

GRADES: 5-8 READING LEVELS 3-4

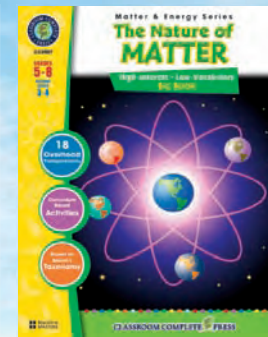

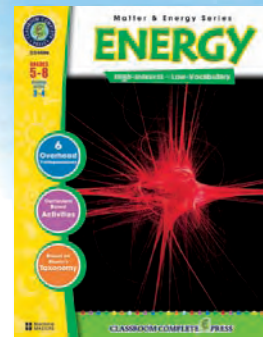

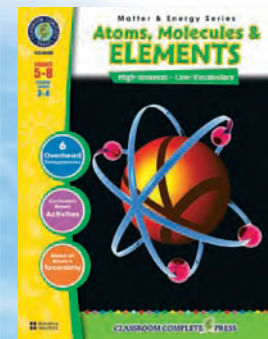

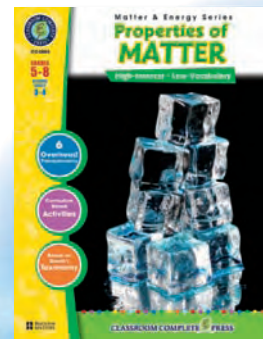

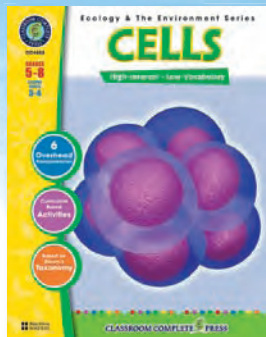

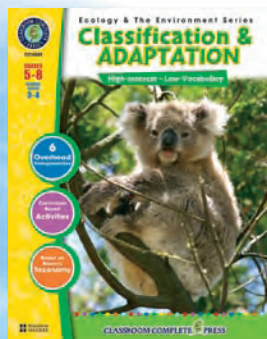

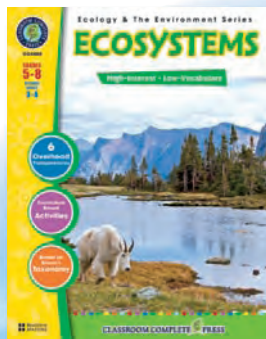

What is waste? Where does it come from? What are we doing to clean it all up? These are essential questions for challenging times. Our Waste Management series takes a critical look at how we create and manage our waste, and what we can do to live in more environmentally friendly ways. Written for remedial students in grades 5 to 8, our resources examine important facts and issues such as: natural resources, pre- and post-consumer waste, landfills, incinerators, smog, oil spills and space junk. Also covered are waste prevention, recycling and conservation. Also, empower your students with success stories about waste management from across the globe. Reading passages, comprehension questions, hands-on activities and overhead transparencies are all provided. **60 PAGES/6 OVERHEADS**

Ecology & The Environment Series

GRADES: 5-8 READING LEVELS 3-4

Here is everything you need for an exciting study of the natural world. Animal life, plant life, and the environment as a whole are all explored. Students will learn: How do we classify animals? What is the difference between warm-blooded and cold-blooded animals? Next, we look at cells, the building blocks of life. Learn about the structures and functions of animal and plant cells, and single-celled vs. multicellular organisms. Then on to a study of biotic and abiotic ecosystems, including producers, consumers and decomposers – what's the difference between them? All concepts and vocabulary are presented in a way that makes it accessible to students and easier to understand. Comprised of reading passages, comprehension questions, hands-on activities and overhead transparencies.

NEW! Literacy Skills Series

Students will eagerly share their impressions about literature with our unique skill based Reading Response Forms. Each book in the series contains 36 work sheets that are engaging, purposeful and graded appropriately. Each worksheet focuses on one of the following skills based on Bloom's Taxonomy: knowledge, comprehension, application, analysis, synthesis and evaluation. Also included is a detailed implementation guide, a selection of hands-on activities, student assessment rubric, word puzzles and comprehension quiz. The six overhead transparencies will assist the introduction of the skill focus and in guiding your students through the thought process. These materials may supplement your present reading program or be used for independent student work.

NEW! Literacy Skills Series

Increase vocabulary, sight word recognition and comprehension as you help your students identify the correct pronunciation of short and long vowel phonograms (word families) using real life pictures as an aid. We also highlight the "Dolch" high frequency words which encourage beginning reading skills. As students begin to read and understand more about the onset and rhyme connection found in word families, they will begin to think of words as not only a series of individual letters and sounds, but as easily recognizable segments or chunks of language. Reproducible work sheets include, rhyming, writing, poetry, cloze sentences, riddles and chunking. Based on Bloom's Taxonomy, our resource can be used with any Language Arts program as a supplement to a balance literacy program to strengthen children's reading, writing and thinking skills. Crossword, Word Search and Comprehension Quiz are also included. **60 PAGES/6 OVERHEADS**
