

# REMEDIAL & REGULAR EDUCATION

Grades K-8

# 2009

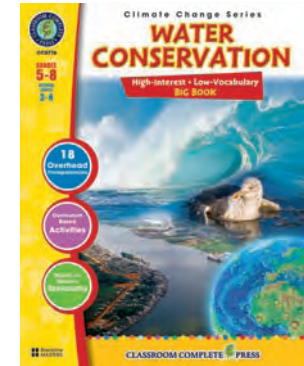

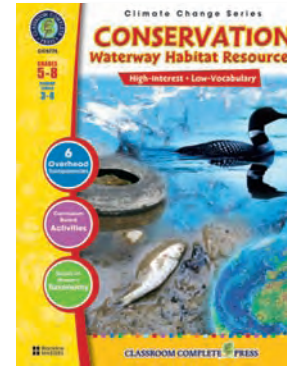

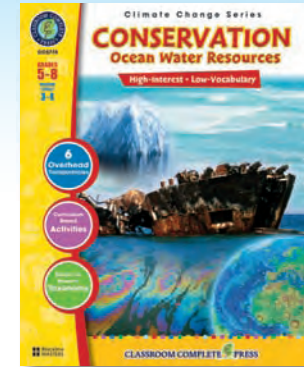

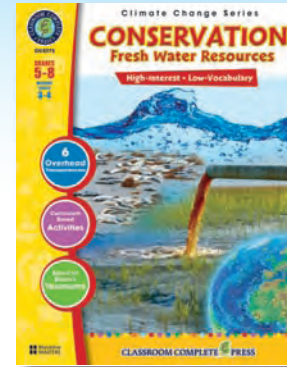

CALENDAR

"I truly enjoy your books. They are written to inspire educators and prompt students to think about their learning."

Valerie Etheridge, 5th Grade Teacher Baker Elementary

**NEW!** **Global Water Series**  
 GRADES: 5-8 READING LEVELS 3-4

Water is essential for life on earth. How has climate change affected the water we drink, the oceans we fish and the lakes and streams we enjoy? Conserving these valuable resources by focusing our attention on protecting and respecting our fresh and ocean water is paramount. We look at Earth's water and how human activity and climate change is affecting it's purity and quantity as well as the health issues facing plant and animal life in fresh and marine water ecosystems. Our ready-to-use resource is written using simplified language and vocabulary which are presented in a way that is easier for students to understand. Included are reading passages, graphic organizers, student activities, color overhead transparencies, a crossword, a word search and a comprehension quiz.

**60 PAGES/6 OVERHEADS**

- CC5773 Conservation: Fresh Water Resources NEW! \$14.95**
- CC5774 Conservation: Ocean Water Resources NEW! \$14.95**
- CC5775 Conservation: Waterway Habitat Resources NEW! \$14.95**
- CC5776 Water Conservation Big Book NEW! \$29.95**

(All 3 books combined. 170 Pages/18 Overheads)

## Climate Change Series

GRADES: 5-8 READING LEVELS 3-4

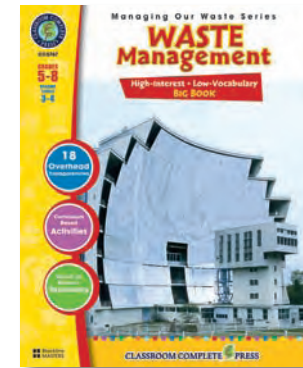

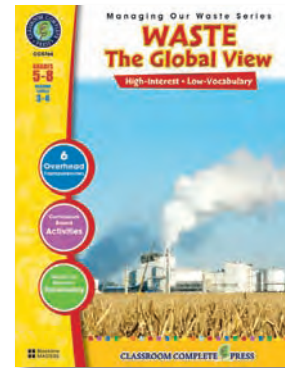

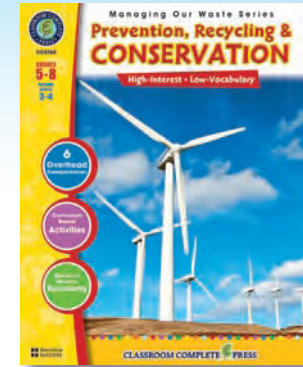

What is causing Global Warming? What are the effects? What can we do to stop or reduce Global Warming? We take a critical look from a scientific perspective that will help students separate fact from fiction in popular accounts in order to make informed decisions about products and lifestyle choices that affect the Earth System. We also look at rising sea levels and altered patterns of weather and agriculture which are cited as direct consequences of Global Warming. Finally, we look at creative ways to reduce human consumption and output of waste, all in an effort to help clean up our planet. Our ready-to-use resource is written using simplified language and vocabulary, and presented in a way that is easier for students to understand. Reading passages, comprehension questions, hands-on activities and overhead transparencies are all provided. **60 PAGES/6 OVERHEADS**

CC5769	Global Warming: Causes	\$14.95
CC5770	Global Warming: Effects	\$14.95
CC5771	Global Warming: Reduction	\$14.95
CC5772	Global Warming Big Book	\$29.95

(All 3 books combined. 170 Pages/18 Overheads)

ENVIRONMENTAL STUDIES

## Managing Our Waste Series

GRADES: 5-8 READING LEVELS 3-4

What is waste? Where does it come from? What are we doing to clean it all up? These are essential questions for challenging times. Our Waste Management series takes a critical look at how we create and manage our waste, and what we can do to live in more environmentally friendly ways. Written for remedial students in grades 5 to 8, our resources examine important facts and issues such as: natural resources use, pre- and post-consumer waste, landfills, incinerators, smog, oil spills and space junk. Also covered are waste prevention, recycling and conservation. Also, inspire your students with success stories about waste management from across the globe. Reading passages, comprehension questions, hands-on activities and overhead transparencies are all provided. **60 PAGES/6 OVERHEADS**

## Ecology & The Environment Series

GRADES: 5-8 READING LEVELS 3-4

Here is everything you need for an exciting study of the natural world. Animal life, plant life, and the environment as a whole are all explored. First, we learn about classifying animals and what the difference is between warm-blooded and cold-blooded animals. Next, we look at cells, the building blocks of life. We will learn about the structures and functions of animal and plant cells, and single-celled versus multicellular organisms. Then on to the study of biotic and abiotic ecosystems, including producers, consumers and decomposers, and what the differences are between them. All concepts and vocabulary are presented in a way that makes it accessible to students and easier to understand. The book includes reading passages, comprehension questions, hands-on activities and overhead transparencies. **60 PAGES/6 OVERHEADS**

(All 3 books combined. 170 Pages/18 Overheads)

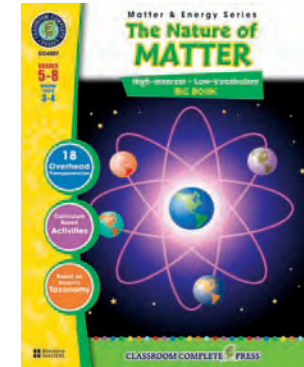

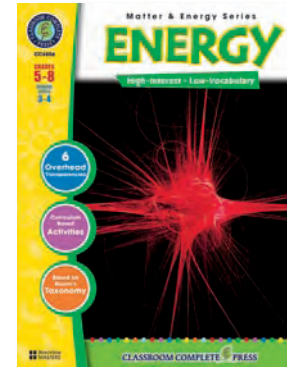

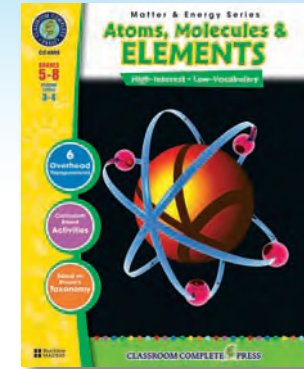

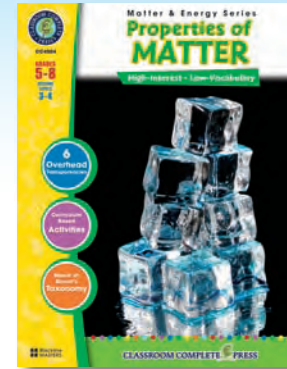

**SCIENCE**

"I LOVE your series! Your books truly teach all that the children need to know on various topics, in an easy to comprehend manner."

Stacey J. Brown, M.S. in Ed., 5th Grade Teacher

### Matter & Energy Series

GRADES: 5-8 READING LEVELS 3-4

This is science made easy! You don't have to be a rocket scientist to understand matter and energy. We present important concepts in an easy-to-understand way with simple language and vocabulary. Discover what matter is (and isn't). Learn about solids, liquids and gases, properties and changes in matter, and the difference between a mixture and a solution. Then, explore the invisible world of atoms and molecules. Young scientists will be thrilled to learn why atoms are composed of mostly empty space! Then on to the periodic table of elements, followed by a study of energy. Our resources are jam-packed with experiments, reading passages, and activities all for students in grades 5 to 8. Overhead transparencies and answer key included. **60 PAGES/6 OVERHEADS**

## Force & Motion Series

GRADES: 5-8 READING LEVELS 3-4

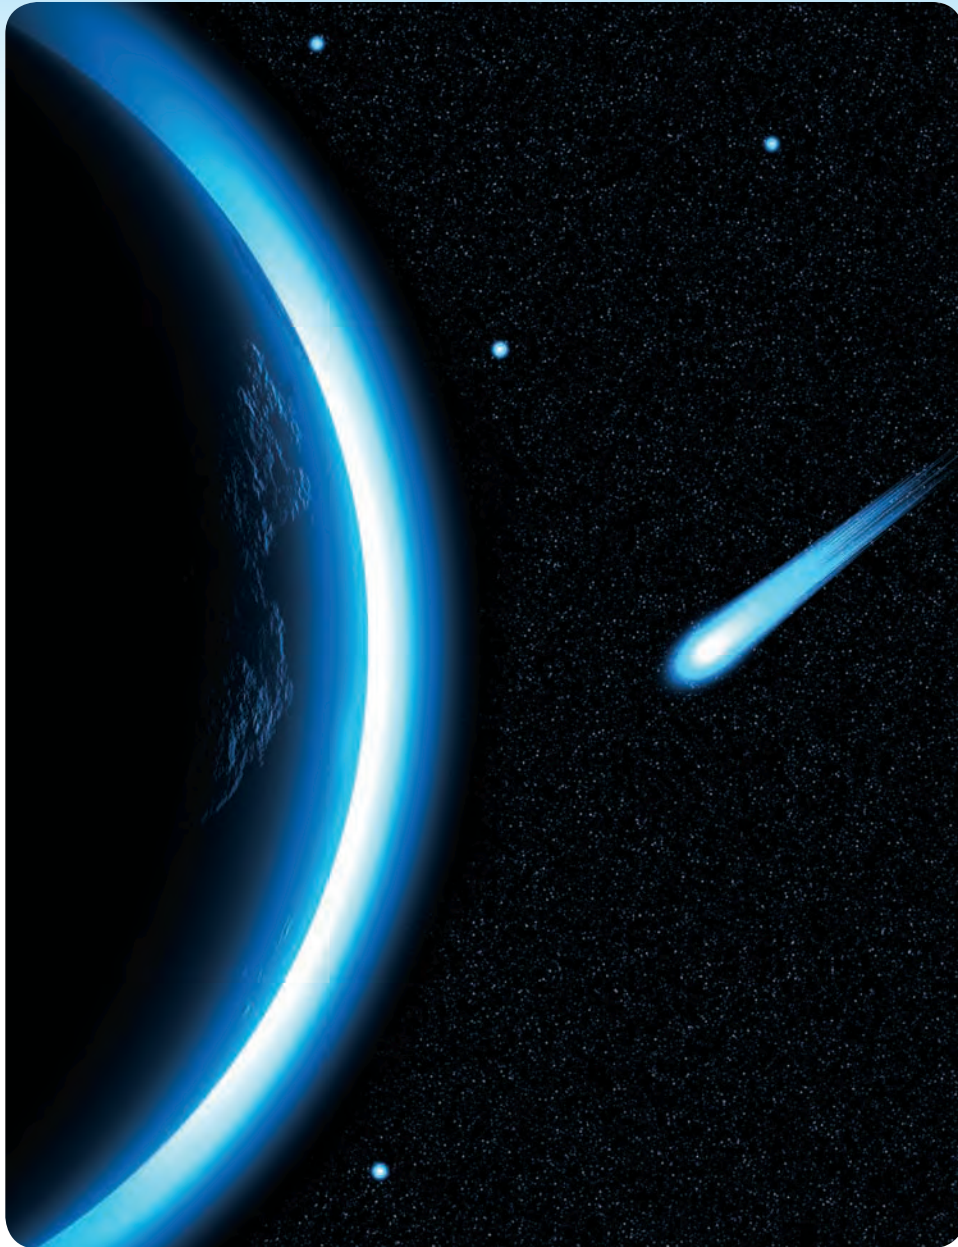

Give your students a kick-start on learning with all the required fundamentals for teaching force, motion & simple machines. Students will discover what a force is, and different kinds of forces that work on contact and at a distance. They will also learn about linear, accelerating, rotating and oscillating motion, and how these concepts relate to everyday life - and even to the Solar System. Finally, their knowledge will be strengthened with examples of simple machines in daily life. Our resource is a real time-saver as all the reading passages and student activities are provided using simplified language and vocabulary along with overhead transparencies, hands-on activities, a crossword, a word search and a final quiz. **60 PAGES/6 OVERHEADS**

CC4508	Force	\$14.95
CC4509	Motion	\$14.95
CC4510	Simple Machines	\$14.95
CC4511	Force, Motion & Simple Machines Big Book	\$29.95

SCIENCE

"I have just purchased my copy of Space CC4515. It is a wonderful edition for teaching science and increasing literacy."

Lynda van Leeuwen, Central Elementary

## Space & Beyond Series

GRADES: 5-8 READING LEVELS 3-4

Get the big picture about Space. From our solar system, galaxies and the universe, to space travel and technology, we've got it covered. Our resources have information and fascinating facts for students in grades 5 to 8. Learn about the Earth, the Moon, Comets, Stars and Constellations. Budding astronomers will be thrilled to learn about the Milky Way Galaxy, Black Holes, Nebulae, and even Quasars! Learn what it's like being on the crew of a shuttle mission to the International Space Station. Simplified language and vocabulary are used to teach these concepts and more, including gravity, planetary orbits, the lunar cycle, and the speed of light. Reading passages, student activities and overhead transparencies are included. **60 PAGES/6 OVERHEADS**

## Human Body Series

GRADES: 5-8 READING LEVELS 3-4

Enhance your middle school curriculum with our comprehensive resource that studies all Human Body Systems. Take your students through a fascinating study of the human body with clear, comprehensive and current information. We start off with an in-depth study of both the muscular and skeletal systems. Then we investigate the organs of the five senses, along with the respiratory system! We also look inside the kidneys and intestines, and then how a tiny sperm and egg cell can grow into a baby. Using simplified language and vocabulary we then explore the major organs of four body systems and how they work to keep us alive and healthy. Reading passages, student activities, and overhead transparencies, hands-on activities, a crossword, a word search and a final quiz are all included. **60 PAGES/6 OVERHEADS**

CC4516	Cells, Skeletal & Muscular Systems	\$14.95
CC4517	Senses, Nervous & Respiratory Systems	\$14.95
CC4518	Circulatory, Digestive & Reproductive Systems	\$14.95
CC4519	Human Body Big Book	\$29.95

(All 3 books combined. 170 Pages/18 Overheads)

"I am a seventh grade teacher. I have to say WOW! My students love the activities and are quickly learning the information."

Amanda Deane, Mebane Middle School, Alachua FL

## World Conflict Series

GRADES: 5-8 READING LEVELS 3-4

Help students gain a concrete understanding of the causes and outcomes of the Korean and Vietnam Wars. Using simplified language and vocabulary, and written in a way that is easier for students to understand, we explore the background to the conflicts, review the important events and their significance, and discuss the impact of the wars on the people back home. We discuss methods and weapons of warfare, introduce the key figures and explain the roles of different components of the armed forces in the wars. Finally, we outline the significance of each war to the world today. Reading passages, comprehension questions, hands-on activities and overhead transparencies are all provided.

### World Conflict Series

GRADES: 5-8 READING LEVELS 3-4

The American Civil War was a watershed event in United States history, causing years of war and terrible destruction, but also signaling the last time an individual state ever seceded, and more importantly, the end of slavery. World War I was to be the “war to end all wars” due to the never-before-seen destruction it unleashed. But by 1939, the world was at war again, dragging even more countries into conflict and causing even greater turmoil. Find out the background and causes to each of these wars, and learn why each raged on for years. Major battles, methods and weapons of war, final outcomes and the wars’ impact on and significance to the world today are all explored. Our resources provide ready-to-use information and activities for remedial students in grades 5-8. Color images and overhead transparencies included. **48 PAGES/6 OVERHEADS**

## World Continents Series

GRADES: 5-8 READING LEVELS 3-4

Take a trip to North America, South America, Europe, Africa, Australia, Asia, or even Antarctica! Using the Five Themes of Geography, students will discover far away places and exotic lands. Learn what makes each continent unique, from the wilds of Australia's Outback to the ancient Egyptian pyramids in Africa. Learn about the mistral winds in France, and the busy subways of Hong Kong. Our resources present geography concepts in simple language and vocabulary that makes learning a breeze. Save time with our information passages and ready-to-use activities for independent, small-group or whole-class learning. Each book includes 12 color overhead transparency maps, 12 blackline student maps, a crossword, a word search and a final quiz. No hassles at the airport guaranteed, since you won't even leave your classroom! **60 PAGES/12 OVERHEADS**

## North American Governments Series

GRADES: 5-8 READING LEVELS 3-4

Here is everything you need to know about governments but were afraid to ask. Students will learn: What is government and why do we need it? What kinds of governments exist in the world today? How are governments elected? Using simple vocabulary and language, our resources clearly explain the structures and functions of different levels of government. Also, find out how a bill becomes a law, and why the United States, Canadian and Mexican Constitutions are so important. Our resources are curriculum-based, and present concepts and content in ways that are easy to understand. Chock-full of reading passages, follow-up questions, writing tasks and hands-on activities. Overhead transparencies, a crossword, a word search and a comprehension quiz are included. **60 PAGES/6 OVERHEADS**

Lori Norris, Santa Cruz CA

**NEW!** **Writing Skills Series**  
 GRADES: 5-8 READING LEVELS 3-4

Our program is designed to make the writing process logical and easy to learn. We offer clear and concise instruction in the drafting and revision phases to assist your students in creating outstanding book reports. We also take the fear out of writing essays while giving your students the tools to successfully and comprehensively express their point of view. The learning objectives are based on Bloom’s Taxonomy and you can also use this material to supplement your present writing program and to evaluate independent student work. Also included are a detailed implementation guide, a student assessment rubric, word puzzles and a comprehension quiz. The overhead transparencies are graphic organizers and will assist the introduction of the skill focus and in guiding your students through the writing process. **60 PAGES/6 OVERHEADS**

## Literacy Skills Series Reading Response Forms

Students will eagerly share their impressions about literature with our unique skill-based Reading Response Forms. Each book in the series contains 36 work sheets that are engaging, purposeful and graded appropriately. Each worksheet focuses on one of the following skills based on Bloom's Taxonomy: remembering, understanding, applying, analysing, evaluating and creating. Also included are a detailed implementation guide, a selection of hands-on activities, student assessment rubric, word puzzles and a comprehension quiz. The six overhead transparencies will assist the introduction of the skill focus and in guiding your students through the thought process. These materials may supplement your present reading program or can be used for independent student work.

**60 PAGES/6 OVERHEADS**

## Literacy Skills Series Sight & Picture Words

GRADES: K-1

Increase students' sight word recognition, vocabulary and comprehension as you help them identify 130 sight words and 120 common nouns using real life pictures as an aid. Picture associations will aid young readers in developing anchor words to increase their oral and written language proficiency. Sight words are words that must become automatically recognizable by the reader because they are often not pronounced or spelled in expected ways. We also include the 100 high-frequency words that make up almost 50 percent of everything that we read as adults. Having this bank of high frequency words is thus essential to building fluent reading skills. Reproducible work sheets include: mixed-up words, boxed words, cloze sentences, writing, stories and puzzles. Overhead transparencies and a comprehension quiz are also included. **60 PAGES/6 OVERHEADS**

<b>CC1113</b>	<b>High Frequency Sight Words</b> <b>NEW!</b>	<b>\$14.95</b>
<b>CC1114</b>	<b>High Frequency Picture Words</b> <b>NEW!</b>	<b>\$14.95</b>
<b>CC1115</b>	<b>Sight &amp; Picture Words Big Book</b> <b>NEW!</b>	<b>\$22.95</b>

## Literacy Skills Series Word Families

GRADES: K-1

Increase vocabulary, sight word recognition and comprehension as you help your students identify the correct pronunciation of short and long vowel phonograms (word families) using real life pictures as an aid. We also highlight the "Dolch" high frequency words which encourage beginning reading skills. As students begin to read and understand more about the onset and rhyme connection found in word families, they will begin to think of words as not only a series of individual letters and sounds, but as easily recognizable segments or chunks of language. A set of reproducible work sheets includes, rhyming, writing, poetry, cloze sentences, riddles and chunking. Based on Bloom's Taxonomy, our resource can be used with any Language Arts program as a supplement to strengthen children's reading, writing and thinking skills. A crossword, a word search and a comprehension quiz are also included. **60 PAGES/6 OVERHEADS**
